

**Project 'Education for Citizenship Competence to Participation and Sustainability'**

**MEETING ON LINE OF THE PARTNERS**

**November 23<sup>th</sup> 2022**

**h.18:30 – 20:00 lt. time**

**MINUTES**

**Participants:**

ES - Olga González Morales, Milena Trenta

IT - Olga Bombardelli, Alfonso Pantaleo, Laura Simeon, Tina Sticchi,

RO - Iulia Coman, Antonia Damian

The meeting is devoted:

- to coordinating the work of the Toolkit chapters, that will be presented to the teachers in the second webinar meeting on Monday, November 28<sup>th</sup> 2022;
- to discussing some agenda items not completed at the meeting in presence in Rome.

1

1. -Partners share a precise and contextualized list of key words referring to the five chapters, and identify the overlaps, taking care that the broader explanation is in only one chapter.
2. -Analyzing especially chapters four and five, the partners agree on the common structure of the chapters:
  - list of topics that are covered, and questions ('what?', 'who?', 'when?', 'why?', etc) to focus on the main concepts of the content for a good scaffolding;
  - core texts explaining the main concepts and larger texts for more advanced levels of treatment and in-depth study, with hypertexts, hyperlinks, short list of references where students can find further information; attention is given to national data, citations, names;
  - tasks for active participation of the students in their learning process are offered in the named field 'my role', what to do', how to do', ...;
  - national information (Constitution, names, data) on the topics, besides the international ones.
3. -The partners will work in the next days on the drafting of their respective chapters (1st and 2nd, I; 3rd, RO, 4th and 5th, ES) and exchange mutual comments by e-mail, before the presentation to the teachers on 28<sup>th</sup> November.

## Project 'Education for Citizenship COmpetence to Participation and Sustainability'

3. -It is emphasised that schools participating ECCOPS should join the eTwinning network <http://www.etwinning.net/it/pub/index.htm>, according to the Erasmus plus suggestions.
4. -Website - Alfonso Pantaleo informs that he has created the restricted area for teachers participating in the project and illustrates it. In order to give to the teachers access to the website he needs the first and last name and e-mail address of each one. He therefore asks all partners to send this list for each country.
5. -Budget - see [https://eccops.uciim.it/wp-content/uploads/2022/06/budget\\_May\\_2022.pdf](https://eccops.uciim.it/wp-content/uploads/2022/06/budget_May_2022.pdf) in the reserved area of the ECCOPS website.
6. -QA intermediate report - An interim report is foreseen in the Application every 8 months (Gantt chart: July 2022 -February 2023 before payment II to partner - September 2023); a template for intermediate reports from partners was constructed and shared with Tony Nicolae (RO), with issues from the 'ECCOPS QUALITY ASSURANCE PLAN'. The template will soon be sent to the partners for compilation.
